EQUIPPING TO FULFIL YOUR POTENTIAL

During the “Called and Empowered” conference you will see how Jesus was prepared and equipped by the Holy Spirit. By focusing on the spiritual formation of Jesus and his disciples we will equip you with clear teaching and simple prayer tools so that you can enter into freedom and healing yourself, while also helping others to do the same.

Do you want to realise your full potential as a minister of Christ? Then join us for the Called+Empowered conference in August 2023.

THE WORDS AND THE WORKS

The free+healed team doesn't just talk, we demonstrate and we activate. We teach on healing as Christ commanded us to do and we practice healing as he promised we would. We explain deliverance, then we help the oppressed to get set free. That's why we also combine conferences with crusades - it is a real learning by doing experience.

See for yourself in the Called+Empowered film shot in Samburu county in 2022,

CONFERENCE PROGRAMME

During the 3 days we will cover themes from the book Called+Empowered.

The mornings are dedicated to teaching, while the afternoon includes small group sessions for questions, discussion, sharing and mutual encouragement. In evening there will be a public revival.

After the teaching part of the conference is over, we will have 2 days of crusades where we will all get a chance to apply what we have been learning as we minister in a local community.

REGISTRATION CATEGORIES

About the Author / Speaker

David M. Taylor was raised in Kenya and the UK. After obtaining a Masters in Natural Sciences from Cambridge University he moved to Switzerland. While still working as a producer and writer for business clients, he founded the ministry free+healed in 2009. Since then he has ministered across denominational boundaries and in partnership with local churches in Africa, Asia and the West with supernatural impact.
